Spirit Squadron CADET NEWS

July 2023

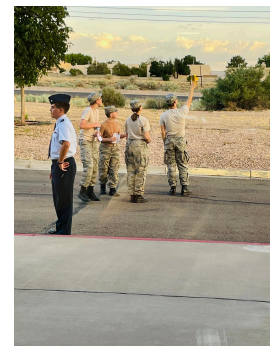

RECAP: What happed last month

Aerospace Education: Cadets had one hour where they worked together with thier flight to create their Mars Habbitats. Thank you, Lt Col Lakeotes, for spending time with our squadron teaching us how to use our new STEM Powered Flight Simulator.

PT: For this months PT, Cadets participated in an team building game, using water balloons!

Emergency Services: For this months ES, Cadets completed their second rotation between the three rotations of activities. We held three ES related classes (ELT, MRO and GTM3)

Charected Development: For this months Charecter Development, Gen. Smith taught Cadets about having a strong charecter by being confident.

JULY 2023 HONOR CADET

Starting now in July, Spirit Squadron will be implementing a new Cadet of the Month program. This is a monthly award that will be given to a cadet who exhibits outstanding commitment to the cadet program. This decision will be made based on a variety of factors including attendance, uniforms, test scores, and many others.

We have decided to add this award to our program in order to encourage leadership development and commitment to the CAP mission through healthy competition. The winner for each month will be highlighted in the squadron newsletter, win a unique cord to wear on their blues uniform, and act as our squadron guidon bearer.

July 2023 Honor Cadet:
Cadet Turner
